Diamond Active Quick Start Guide

- Plug in and power-up the Wharfedale Diamond H1 Hub and Wharfedale Active speakers.
- Long press the source button on the Wharfedale Diamond Active H1 Hub, or press the 'Menu' button on the remote.
- Press the source button once more, or the '-' button on the remote, highlighting the 'Enter Pairing Mode' option.
- The Wharfedale Diamond Active H1 Hub will then display 'Searching'.
- Press the 'Balance Sync' button on the rear of one of the Diamond Active speakers. The rear LED will change from flashing to staying on constantly once paired.
- Repeat for each speaker, and set the balance option to left, right or mono as desired.
- You can then connect your audio sources via wired or Bluetooth connections.

For further assistance, please refer to the full user manual, or contact your authorised Wharfedale distributor or dealer. Additional support can be found at www.wharfedale.co.uk.
